# CHARACTER PUMPKINS

**YOU WILL NEED:** ★ Black Marker ★ Tape ★ Spoon or  
Scraper ★ Knife ★ Craft Blade or Scissors

## :: How to make character pumpkins::

**Step 1:** Make a lid for your pumpkin. Cut a circle or a hexagon at least 5 inches in diameter around the pumpkin's stem. Make sure to cut out the lid at an angle (so that the outside edge is larger than the inside) to keep it from slipping inside.

**Step 2:** When the lid is free, scrape the inside of the pumpkin and the lid clean of seeds and pulp with a metal spoon or scraper.

**Step 3:** Print out your selected stencil and ask an adult to help you carefully cut out the stencil along the edge with a blade.

**Step 4:** Attach your stencil to the pumpkin. With tape or pins. Carefully trace around the inside edge of the template with your marker. Then, remove the stencil, tape or pins.

**Step 5:** Work with an adult to use your pumpkin carving tools to scrape away and remove the outermost skin of pumpkin (about 1/4 inch deep) inside the outline of the shape.

**Step 6:** Place an LED candlelight inside your pumpkin, put on the lid, turn out the lights and enjoy the glow of your INSIDE OUT character pumpkin!
